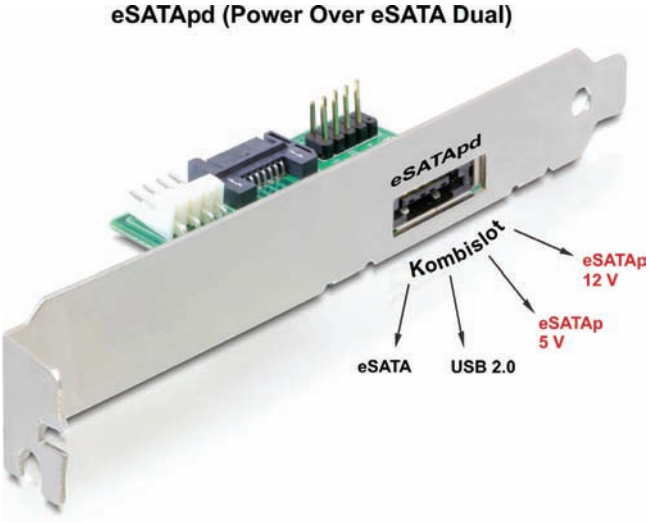
Slotbracket eSATAp 1x port 5 V / 12 V



Description

This slot bracket by Delock enables you to extend your PC by one external Power Over eSATA port. Thus you can connect different devices with eSATAp, eSATA or standard USB interface. The eSATAp port provides a voltage supply of 5 V and 12 V so that you can also connect 2.5 and 3.5 HDD by using special Delock products like e.g. eSATAp cable or docking station. The included cable is made for internal connection.

Ref.	61797
EAN	4043619617975
